

WEEKLY

update

February 5-9

Last week was SUCH a blast!

Thank you all so much for supporting us and celebrating Catholic Schools Week with us. It is so fun to be able to celebrate our Catholic School and how truly unique it is.

This week is our Valentines Day party. If you are interested in coming and helping out, please sign up using the signup genius in the Sunday email.

WHAT WE ARE LEARNING

This week we are beginning the genre of folktales while reading about Earth and our solar system. We are continuing to learn and practice our skills of visualizing by identifying problems and solutions. We are also going to take our Reading NWEA on Tuesday.

In math we will work on doubling known facts, multiplying and dividing by 4's, and practicing our skills of finding missing information in word problems.

In social studies we are studying Michigan's path to statehood. We are going to work through our Michigan History Units for the next month!

Our Religion lessons this week will be focused on how Jesus prepares us to be disciples even after his crucifixion. These lessons are a great way to move into the season of Lent! See the newsletter in this week's email.
